## CHAPTER \_\_\_\_\_

An act to amend Section 37670 of the Education Code, relating to attendance.

## LEGISLATIVE COUNSEL'S DIGEST

AB 2027, Goldberg. Year-round schools.

Existing law authorizes a school district to operate a program of year-round scheduling. Existing law permits that program to provide for as few as 163 days of instruction, in each fiscal year, so long as the number of annual instructional minutes is not less than that of schools of the same grade levels utilizing the traditional school calendar.

This bill would continue to allow school districts to operate a program of multitrack year-round scheduling for as few as 163 days in each fiscal year only until July 1, 2008.

*The people of the State of California do enact as follows:*

SECTION 1. Section 37670 of the Education Code is amended to read:

37670. (a) Notwithstanding any other provision of law, any school district may operate a program of multitrack year-round scheduling at one or more schools within the district. Until July 1, 2008, a program of multitrack year-round scheduling may operate for as few as 163 days in each fiscal year. In any event, a program operated pursuant to this section shall provide that the number of annual instructional minutes is not less than that of schools of the same grade levels utilizing the traditional school calendar.

(b) All certificated employees under this program, except those serving under an administrative or supervisory credential and who are assigned full time to a school in positions requiring qualifications for certification, shall work the same number of days and shall increase the number of minutes worked daily on a uniform basis.

(c) A program conducted pursuant to this section shall be eligible for apportionment from the State School Fund.
